VOLUME 80: SUBJECT INDEX

Ablation profile, Effect of ablation profile on wound healing and visual performance 1 year after excimer laser photorefractive keratectomy, **224**

***Acanthamoeba* keratitis**

Acanthamoeba keratitis: first recorded case from a Palestinian patient with trachoma: *letter to editor*, **849**

Acanthamoeba keratitis: risk factors and outcome: *correspondence*, **773**

Achiasmia, Achiasmia in a case of midline craniofacial cleft with see-saw nystagmus: *letter to editor*, **1023**

Actin, Presence of α smooth muscle actin in lens epithelial cells of aphakic rabbit eyes, **906**

Activated protein C

Activated protein C resistance in young adults with central retinal vein occlusion, **200:** *correspondence*, **1116**

Activated protein C and retinal vein occlusion: *editorial*, **194:** *correspondence*, **1116**

Blood viscosity, coagulation, and activated protein C resistance in central retinal vein occlusion: a population controlled study, **203:** *correspondence*, **1116**

Retinal arterial occlusion associated with resistance to activated protein C: *letter to editor*, **1111**

Acute posterior multifocal placoid pigment epitheliopathy, Acute posterior multifocal placoid pigment epitheliopathy associated with pulmonary tuberculosis: *letter to editor*, **186**

Acyclovir, Randomised trial of ganciclovir and acyclovir in the treatment of herpes simplex dendritic keratitis: a multicentre study, **140**

Africa

Determining the importance of eye diseases in Africa: *correspondence*, **774**

Penetrating keratoplasty in Africa: graft survival and visual outcome, **890**

African traditional eye medicines, Changing patterns of corneal disease and associated vision loss at a rural African hospital following a training programme for traditional healers, **694**

Age-related macular degeneration

Age-related macular disease: *editorial*, **2**

Genetics of complex ophthalmic disorders: *perspective*, **763**

Is the incidence of registrable age-related macular degeneration increasing? **9**

Laser treatment of soft drusen in age-related maculopathy: *commentary*, **4**

Postoperative abnormalities of the choriocapillaris in exudative age-related macular degeneration, **314**

Red blood cell antioxidant enzymes in age-related macular degeneration, **445**

Submacular surgery for choroidal neovascularisation: *commentary*, **101**

Teletherapy for subfoveal choroidal neovascularisation of age-related macular degeneration: results of follow up in a non-randomised study, **1046**

Aicardi syndrome, Role of ocular involvement in the prediction of visual development and clinical prognosis in Aicardi syndrome, **805**

AIDS

Association of progressive outer retinal necrosis and varicella zoster encephalitis in a patient with AIDS, **982**

CD8+ T lymphocytes in cytomegalovirus retinitis in a patient with AIDS: *letter to editor*, **1108**

Challenge of HIV/AIDS related eye disease: *editorial*, **496**

'Creeping' cytomegalovirus retinitis in AIDS: *letter to editor*, **771**

Diagnostic assays in cytomegalovirus retinitis: detection of herpesvirus by simultaneous application of the polymerase chain reaction and local antibody analysis on ocular fluid, **235**

Ultrastructural features and prevalence of tubuloreticular structures in the ocular vasculature of patients with AIDS: a study of 23 cases, **252**

Airbag

Airbag injury during low impact collision: *letter to editor*, **487**

Bilateral corneal contusion and angle recession caused by an airbag: *letter to editor*, **487**

Albinism, Transillumination of iris and subnormal visual acuity—ocular albinism? **617**

Allergan Humphrey 500 autorefractor, Clinical evaluation of the Allergan Humphrey 500 autorefractor and the Nidek AR-1000 autorefractor, **35**

Allergic conjunctivitis

Allergic conjunctivitis and dry eye, **994**

Eosinophil cationic protein in tears in allergic conjunctivitis, **556**

Allopurinol, Effects of allopurinol and steroids on inflammation and oxidative tissue damage in experimental lens induced uveitis: a biochemical and morphological study, **451**

Amblyopia

Anisometropia and amblyopia—chicken or egg? *editorial*, **857**

Modulation of amblyopia therapy: *correspondence*, **492**

Natural history of infantile anisometropia, **860**

Amikacin, Amikacin may be drug of choice in *Nocardia* keratitis: *letter to editor*, **928**

Amiodarone, Amiodarone and dysthyroid eye disease: *letter to editor*, **851**

Amocarzine, Onchocerciasis in Ecuador: evolution of chorioretinopathy after amocarzine treatment, **337**

Amyloidosis

Monoclonal origin of localised orbital amyloidosis detected by molecular analysis, **1013**

Primary localised amyloidosis of the orbit, **1083**

Anaesthesia, Re-evaluation of hyaluronidase in peribulbar anaesthesia, **827**

Angiotensin converting enzyme mRNA expression, Demonstration of renin mRNA, angiotensinogen mRNA, and angiotensin converting enzyme mRNA expression in the human eye: evidence for an intraocular renin-angiotensin system, **159**

Angiotensinogen mRNA, Demonstration of renin mRNA, angiotensinogen mRNA, and angiotensin converting enzyme mRNA expression in the human eye: evidence for an intraocular renin-angiotensin system, **159**

Aniridia, Genetics of aniridia and anterior segment dysgenesis: *perspective*, **669**

Anisometropia

Anisometropia and amblyopia—chicken or egg? *editorial*, **857**

Natural history of infantile anisometropia, **860**

Anterior ischaemic optic neuropathy, Neural network differentiation of optic neuritis and anterior ischaemic optic neuropathy, **835**

Anterior segment dysgenesis, Genetics of aniridia and anterior segment dysgenesis: *perspective*, **669**

Aphakic rabbit eyes, Presence of α smooth muscle actin in lens epithelial cells of aphakic rabbit eyes, **906**

Aplastic anaemia, Widespread ocular use of topical chloramphenicol: is there justifiable concern regarding idiosyncratic aplastic anaemia? *perspective*, **182:** *correspondence*, **854**

Apraclonidine hydrochloride, Optic nerve vasomotor effects of topical apraclonidine hydrochloride, **82**

Aqueous humour, Collagen synthesis activity in the aqueous humour of eyes with glaucoma surgery: a pilot study, **74**

Argon green laser photocoagulation, Comparative effects of argon green and krypton red laser photocoagulation for patients with diabetic exudative maculopathy, **319**

Artificial neural network

Automatic detection of diabetic retinopathy using an artificial neural network: a screening tool, **940**

Spatial classification of glaucomatous visual field loss, **526**

Towards the automatic interpretation of retinal images: *editorial*, **937**

Aspirin, Aspirin is a hazard for vitreoretinal surgery: *letter to editor*, **486**

Astrocytoma, Solitary astrocytoma of the retina in a child: *letter to editor*, **674**

Atopic dermatitis, Retinal detachment associated with atopic dermatitis, **54**

Audit, Low vision: *correspondence*, **380**

Automated perimetry

Automated perimetry in patients with choroidal metastases, **309**

Feasibility of automated visual field examination in children between 5 and 8 years of age, **515**

Autorefractors, Clinical evaluation of the Allergan Humphrey 500 autorefractor and the Nidek AR-1000 autorefractor, **35**

Avellino corneal dystrophy, Combined granular lattice dystrophy (Avellino corneal dystrophy): *letter to editor*, **489**

Axenfeld's anomaly, Peters' anomaly: *correspondence*, **579**

Axial length

Relation between retinal vein occlusions and axial length, **633**

Should myopes have routine axial length measurements before retrobulbar or peribulbar injections? *commentary*, **498**

B cell lymphoma, Recurrent systemic B cell lymphoma of the iris: *letter to editor*, **929**

B cells, Lymphocyte subsets and ocular inflammation: future prospects for immune deviation therapy? *editorial*, **938**

Bacillus cereus, Experimental *Bacillus cereus* post-traumatic endophthalmitis and treatment with ciprofloxacin, **755**

Balloon cell naevus, Balloon cell naevus of the caruncle: *letter to editor*, **1113**

Behçet's disease, Insufficient expression of Fas antigen on helper T cells in Behçet's disease, **174**

Bell's phenomenon, Bell's phenomenon in newborns and premature babies, **553**

Benign fleck retina, Benign fleck retina: *letter to editor*, **267**

Betonamit, An unusual corneal injury: *letter to editor*, **1112**

Bilateral congenital dentiform cataract, Bilateral congenital dentiform cataract and extreme microcornea in eyes with uveal colobomas and persistent hyperplastic primary vitreous: *letter to editor*, **378**

Bilateral orbital decompression, Effects of bilateral orbital decompression by an endoscopic endonasal approach in dysthyroid orbitopathy, **58**
Biomicroscopy
Management of a patient with pseudophakic malignant glaucoma: role of ultrasound biomicroscopy: *letter to editor*, **676**
Ultrasound biomicroscopy of eyes undergoing deep sclerectomy with collagen implant, **541**
Bleb formation, Enhancement of post trabeculectomy bleb formation by laser suture lysis, **624**
Blepharitis, Unilateral *Malassezia furfur* blepharitis after perforating keratoplasty: *letter to editor*, **488**
Blepharospasm, Treatment selections of 239 patients with blepharospasm and Meige syndrome over 11 years, **1073**
Blinding injuries, Incidence of cases of ocular trauma admitted to hospital and incidence of blinding outcome, **582**
Blindness
Causes and frequency of blindness in patients with intraocular inflammatory disease, **332**
Economic burden of global blindness: a price too high! *commentary*, **276**
Monitoring and evaluating cataract intervention in India, **951**
Possible impact of uveitis in blindness: a literature survey: *perspective*, **844**
Blood-aqueous barrier, Diffusion coefficient through the blood-aqueous barrier using a standard protocol, **356**
Blood pressure, Blood pressure and glaucoma: *editorial*, **858**
Blood pressure monitoring, Twenty four hour blood pressure monitoring in normal tension glaucoma, **864**
Blood viscosity, Blood viscosity, coagulation, and activated protein C resistance in central retinal vein occlusion: a population controlled study, **203:** *correspondence*, **1116**
Bone formation, Bone formation in rejected corneal graft: *letter to editor*, **1114**
Book reviews
Albert DM, Jakobiec FA. Atlas of clinical ophthalmology, **1030**
Atta HR. Ophthalmic ultrasound - a practical guide, **935**

Choriocapillaris, Postoperative abnormalities of the choriocapillaris in exudative age-related macular degeneration, **314**
Chorioretinopathy, Onchocerciasis in Ecuador: evolution of chorioretinopathy after amocarzine treatment, **337**
Choroid, Carcinoid tumour metastatic to the choroid: *letter to editor*, **852**
Choroidal melanoma, Unilateral choroidal melanoma with bilateral retinal vasculitis: *letter to editor*, **850**
Choroidal metastases, Automated perimetry in patients with choroidal metastases, **309**
Choroidal neovascularisation, Submacular surgery for choroidal neovascularisation: *commentary*, **101**
Choroidopathy, Indocyanine green angiographic findings in serpiginous choroidopathy, **536**

Chromosome abnormalities, Analysis of 21 Stargardt's disease families confirms a major locus on chromosome 1p with evidence for non-allelic heterogeneity in a minority of cases, **745**
Cicatricial pemphigoid
Local interferon alfa-2b for ocular cicatricial pemphigoid: *letter to editor*, **927**
Unilateral ocular cicatricial pemphigoid with circulating IgA and IgG autoantibodies reactive with the 180 kD bullous pemphigoid antigen: *letter to editor*, **769**
Cicatrisation
Advanced cicatricial retinopathy of prematurity - outcome and complications, **343**
Progression of disease in ocular cicatricial pemphigoid, **292**
Ciliary body enlargement, Ciliary body enlargement and cyst formation in uveitis, **895**
Ciprofloxacin, Experimental *Bacillus cereus* post-traumatic endophthalmitis and treatment with ciprofloxacin, **755**
Circannual rhythms, Circannually herpetic eye attacks: questionable significant rhythmicities: *correspondence*, **492**
Circulating IgA and IgG autoantibodies, Unilateral ocular cicatricial pemphigoid with circulating IgA and IgG autoantibodies reactive with the 180 kD bullous pemphigoid antigen: *letter to editor*, **769**
Coagulation, Blood viscosity, coagulation, and activated protein C resistance in central retinal vein occlusion: a population controlled study, **203: *correspondence*, 1116**
Coats'-like response, Coats'-like response in a patient with pars planitis: *letter to editor*, **675**
Cocaine, Should myopes have routine axial length measurements before retrobulbar or peribulbar injections? *commentary*, **498**
Collagen implant, Ultrasound biomicroscopy of eyes undergoing deep sclerectomy with collagen implant, **541**
Collagen synthesis
Collagen synthesis activity in the aqueous humour of eyes with glaucoma surgery: a pilot study, **74**
Effects of the cytokines on the proliferation of and collagen synthesis by human cataract lens epithelial cells, **63**
Collision, Airbag injury during low impact collision: *letter to editor*, **487**
Complex ophthalmic disorders, The genetics of complex ophthalmic disorders: *perspective*, **763**
Confocal laser scanning microscopy, Three dimensional analysis of the retinal vasculature using immunofluorescent staining and confocal laser scanning microscopy, **246**
Congenital ocular toxoplasmosis, Fundal white dots: observations from a murine model of congenital ocular toxoplasmosis: *correspondence*, **189**
Congenital stationary night blindness, Undetectable S cone electroretinogram b-wave in complete congenital stationary night blindness, **637**
Conjunctiva
Carcinoma of the conjunctiva and HIV infection in Uganda and Malawi, **503**
Metachronous lymphoma of the breast and conjunctiva: *letter to editor*, **574**
Metastases to the conjunctiva: *editorial*, **1**
Metastatic tumours to the conjunctiva: report of 10 cases, **5**
Conjunctival epithelial inclusion cyst, Conjunctival epithelial inclusion cyst arising from a pterygium: *letter to editor*, **769**
Conjunctival pedunculated flap slide, Surgery for pterygium using a conjunctival pedunculated flap slide, **33**
Conjunctivitis
Allergic conjunctivitis and dry eye, **994**
Eosinophil cationic protein in tears in allergic conjunctivitis, **556**
Contact lens
Contact lens fitting after photorefractive keratectomy, **597**
Deep corneal stromal opacities associated with long term contact lens wear, **21**
Excimer laser photorefractive keratectomy for patients with contact lens intolerance caused by dry eye, **604**
Increase in corneal epithelial cell size with extended wear soft contact lenses depends on continuous wearing time, **144**
Infectious keratitis with corneal perforation associated with corneal hydrops and contact lens wear in keratoconus, **409**
Continuous wearing time, Increase in corneal epithelial cell size with extended wear soft contact lenses depends on continuous wearing time, **144**
Copper zinc superoxide dismutase, An elevated level of copper zinc superoxide dismutase fails to prevent oxygen induced retinopathy in mice, **429**
Cornea
Detection of herpes simplex virus DNA in donor cornea culture medium by polymerase chain reaction, **654**
Videokeratography database of normal human corneas, **610**
Corneal contusion, Bilateral corneal contusion and angle recession caused by an airbag: *letter to editor*, **487**
Corneal disease, Changing patterns of corneal disease and associated vision loss at a rural African hospital following a training programme for traditional healers, **694**
Corneal dystrophies, Penetrating keratoplasty in Africa: graft survival and visual outcome, **890**
Corneal endothelial cell, Factors affecting bovine corneal endothelial cell density in vitro, **256**
Corneal endothelial viability, Non-invasive assessment of the donor corneal endothelium using ocular redox fluorometry, **69**
Corneal endothelium, Long term changes in human corneal endothelium following toxic endothelial cell destruction: a specular microscopic and fluorophotometric study, **15**
Corneal epithelial cell size, Increase in corneal epithelial cell size with extended wear soft contact lenses depends on continuous wearing time, **144**
Corneal epithelial recovery, Corneal epithelial recovery following photorefractive keratectomy, **663**
Corneal graft, Bone formation in rejected corneal graft: *letter to editor*, **1114**
Corneal injury, An unusual corneal injury: *letter to editor*, **1112**
Corneal organ culture, Corneal organ culture: effects of serum and a stabilised form of L-glutamine, **740**
Corneal perforation, Infectious keratitis with corneal perforation associated with corneal hydrops and contact lens wear in keratoconus, **409**
Corneal stem cell dysfunction, Temporary corneal stem cell dysfunction after radiation therapy, **911**
Corneal stromal opacities, Deep corneal stromal opacities associated with long term contact lens wear, **21**
Corneal temperature, Corneal temperature in patients with dry eye evaluated by infrared radiation thermometry, **29**
Corneal thickness, Diurnal variations in human corneal thickness, **1068**
Corneal transplantation, Non-HLA antigens and HLA-DR matching in corneal transplantation: *commentary*, **780**
Corneal ulcers, Clinical evaluation of carbocyclic oxetanocin G eyedrops in the treatment of herpes simplex corneal ulcers, **413**
Corticosteroid, Cytomegalovirus retinitis associated with long term oral corticosteroid use: *letter to editor*, **849**
Cosmetic surgery, Sudden unilateral visual loss and brain infarction after autologous fat injection into nasolabial groove: *letter to editor*, **1026**
Cost, Cost effectiveness and cost utility of preventing trachomatous visual impairment: lessons from 30 years of trachoma control in Burma, **880**
Cranioectodermal dysplasia, A new oculorenal syndrome: retinal dystrophy and tubulointerstitial nephropathy in cranioectodermal dysplasia: *letter to editor*, **490**
'Creeping' cytomegalovirus retinitis, 'Creeping' cytomegalovirus retinitis in AIDS: *letter to editor*, **771**
Cross AG, Obituary, **580**
Cryotherapy
Advanced cicatricial retinopathy of prematurity—outcome and complications, **343**
Evidently, evidence based: *editorial*, **273**
Refractive outcome in eyes with retinopathy of prematurity treated with cryotherapy or diode laser: 3 year follow up, **998**
Trends in the management of stage 3 retinopathy of prematurity, **278**
Cyst formation, Ciliary body enlargement and cyst formation in uveitis, **895**
Cytokines
Effects of the cytokines on the proliferation of and collagen synthesis by human cataract lens epithelial cells, **63**
Intraocular production of cytokine (CINC) responsible for neutrophil infiltration in endotoxin induced uveitis, **649**
Cytomegalovirus, Clinical utility of cytomegalovirus urine cultures for ophthalmic care in patients with HIV, **818**
Cytomegalovirus retinitis
Bilateral cytomegalovirus retinitis in a patient with systemic lupus erythematosus: *letter to editor*, **1109**
CD8+ T lymphocytes in cytomegalovirus retinitis in a patient with AIDS: *letter to editor*, **1108**
'Creeping' cytomegalovirus retinitis in AIDS: *letter to editor*, **771**
Cytomegalovirus retinitis associated with long term oral corticosteroid use: *letter to editor*, **849**
Diagnostic assays in cytomegalovirus retinitis: detection of herpesvirus by simultaneous application of the polymerase chain reaction and local antibody analysis on ocular fluid, **235**
Diagnostic assays in cytomegalovirus retinitis: *editorial*, **195**
High dose intravitreal ganciclovir injection provides a prolonged therapeutic intraocular concentration, **214**

Database, Videokeratography database of normal human corneas, **610**
Deep sclerectomy, Ultrasound biomicroscopy of eyes undergoing deep sclerectomy with collagen implant, **541**
Dental surgery, Recurrent septic retinal emboli following dental surgery: *letter to editor*, **1111**
Dermatitis, Retinal detachment associated with atopic dermatitis, **54**
Descemet's membrane detachment, A case of Descemet's membrane detachment during phacoemulsification surgery: *letter to editor*, **185**
Diabetes
Lens thickness and insulin dependent diabetes mellitus: a population based twin study, **405**

Life expectancy of diabetic patients undergoing vitreous surgery, **640**
Simulation of diabetic eye disease to compare screening policies, **945**
Diabetic exudative maculopathy, Comparative effects of argon green and krypton red laser photocoagulation for patients with diabetic exudative maculopathy, **319**
Diabetic iridopathy, Iris indocyanine green videoangiography in diabetic iridopathy, **416**
Diabetic retinopathy
Automatic detection of diabetic retinopathy using an artificial neural network: a screening tool, **940**
Diabetic retinopathy before and after cataract surgery, **789**
Disappearance and formation rates of microaneurysms in early diabetic retinopathy, **135**
Distribution of TNFα and its reactive vascular adhesion molecules in fibrovascular membranes of proliferative diabetic retinopathy, **168**
Genetics of complex ophthalmic disorders: *perspective*, **763**
Hyperoxia improves contrast sensitivity in early diabetic retinopathy, **209**
Progression of diabetic retinopathy following cataract surgery: can it be prevented? *editorial*, **778**
Retinal haemodynamics in patients with early diabetes mellitus, **327**
Selective reduction of the S cone electroretinogram in diabetes, **973**
Towards the automatic interpretation of retinal images: *editorial*, **937**
Upregulated expression of vascular endothelial growth factor in proliferative diabetic retinopathy, **241**
Diameters, Optic nerve diameters and perimetric thresholds in idiopathic intracranial hypertension, **509**
Dicon TKS 4000 Autoperimeter, The efficient use of perimetry for neuro-ophthalmic diagnosis, **903**
Diffusion coefficient, Diffusion coefficient through the blood-aqueous barrier using a standard protocol, **356**
Diode laser
Immunocytochemical study of retinal diode laser photocoagulation in the rat, **1092**
Refractive outcome in eyes with retinopathy of prematurity treated with cryotherapy or diode laser: 3 year follow up, **998**
'Displaced apex syndrome', PRK in patients with a keratoconic topography picture. The concept of a physiological 'displaced apex syndrome', **25**
Diurnal variations, Diurnal variations in human corneal thickness, **1068**
Donor cornea, Detection of herpes simplex virus DNA in donor cornea culture medium by polymerase chain reaction, **654**
Donor corneal endothelium, Non-invasive assessment of the donor corneal endothelium using ocular redox fluorometry, **69**
Donor eye holder, A new mounting bracket for donor eye holder: *correspondence*, **933**
Dry eye
Allergic conjunctivitis and dry eye, **994**
Corneal temperature in patients with dry eye evaluated by infrared radiation thermometry, **29**
Excimer laser photorefractive keratectomy for patients with contact lens intolerance caused by dry eye, **604**
Dysthyroid eye disease, Amiodarone and dysthyroid eye disease: *letter to editor*, **851**
Dysthyroid optic neuropathy, Retrobulbar pressures in dysthyroid optic neuropathy: *editorial*, **1034**
Dysthyroid orbitopathy, Effects of bilateral orbital decompression by an endoscopic endonasal approach in dysthyroid orbitopathy, **58**

Ecuador, Onchocerciasis in Ecuador: evolution of chorioretinopathy after amocarzine treatment, **337**
Elderly, Unilateral pellucid marginal degeneration in an elderly patient: *letter to editor*, **927**
Electroretinography
Evolution of ophthalmic and electrophysiological findings in identical twin sisters with the carbohydrate deficient glycoprotein syndrome type 1 over a period of 14 years, **900**
Functional imaging of the retina using the multifocal electroretinograph: a control study, **831**
Encephalitis, Association of progressive outer retinal necrosis and varicella zoster encephalitis in a patient with AIDS, **982**
Endophthalmitis, Experimental *Bacillus cereus* post-traumatic endophthalmitis and treatment with ciprofloxacin, **755**
Endoscopic endonasal approach, Effects of bilateral orbital decompression by an endoscopic endonasal approach in dysthyroid orbitopathy, **58**
Endothelial cell, Factors affecting bovine corneal endothelial cell density in vitro, **256**
Endothelial cell destruction, Long term changes in human corneal endothelium following toxic endothelial cell destruction: a specular microscopic and fluorophotometric study, **15**
Endotoxin induced uveitis, Intraocular production of cytokine (CINC) responsible for neutrophil infiltration in endotoxin induced uveitis, **649**
Enucleation, Long term visual outcome of radiated uveal melanomas in eyes eligible for randomisation to enucleation versus brachytherapy, **117**
Eosinophil cationic protein, Eosinophil cationic protein in tears in allergic conjunctivitis, **556**
Epikeratophakia lenticules, Viability of keratocytes in epikeratophakia lenticules, **367**
Epiretinal membranes, Results of surgery for epiretinal membranes and their recurrences, **323**
Epithelial hyperplasia, Role of epithelial hyperplasia in regression following photorefractive keratectomy, **545**
Esotropia, When is acute onset concomitant esotropia a sign of serious neurological disease? *correspondence*, **380**
***Euphorbia* sap**, *Euphorbia* sap keratopathy: four cases and a possible pathogenic mechanism, **823**
Evidence based medicine, Evidently, evidence based: *editorial*, **273**
Excimer laser photorefractive keratectomy
Corneal epithelial recovery following photorefractive keratectomy, **663**
Excimer laser photorefractive keratectomy for patients with contact lens intolerance caused by dry eye, **604**
Refractive and visual results and patient satisfaction after excimer laser keratectomy for myopia: *correspondence*, **380**
Excimer laser surgery, Psychological aspects of excimer laser surgery for myopia: reasons for seeking treatment and patient satisfaction, **874**
Expiry date, 'In use' expiry date for eyedrops: *correspondence*, **270**
Extended wear soft contact lenses, Increase in corneal epithelial cell size with extended wear soft contact lenses depends on continuous wearing time, **144**
Extrafoveal choroidal neovascular membranes, Subfoveal pigment epithelial detachments with distant extrafoveal choroidal neovascular membranes: *letter to editor*, **929**
Extraneural blood supply, Anatomy of the extraneural blood supply to the intracranial oculomotor nerve, **177**
Eye
Ocular and cerebral trauma in non-accidental injury in infancy: underlying mechanisms and implications for paediatric practice, **282**
The eye and the brain in non-accidental injury involving young children: *editorial*, **275**
Eye bank populations, Frequency of ocular metastases in patients dying of cancer in eye bank populations, **125**
Eye growth, Reappraisal of the human ocular growth curve in fetal life, infancy, and early childhood, **918**
Eyedrops
Control of microbial contamination in unpreserved eyedrops, **588**
'In use' expiry date for eyedrops: *correspondence*, **270**
To preserve or not to preserve, is that the question? *editorial*, **583**
EyeSys videokeratoscope, Extent and effect of surface tilt on the data display of the EyeSys videokeratoscope, **986**

Fas antigen, Insufficient expression of Fas antigen on helper T cells in Behçet's disease, **174**
Fat injection, Sudden unilateral visual loss and brain infarction after autologous fat injection into nasolabial groove: *letter to editor*, **1026**
Fetal bovine serum, Corneal organ culture: effects of serum and a stabilised form of L-glutamine, **740**
Fibrinolysis, Fibrinolysis of experimental subretinal haemorrhage without removal using tissue plasminogen activator, **658**
Fibrosarcoma, Primary orbital fibrosarcoma developing in the scleral stroma: *letter to editor*, **932**
Fleck retina, Benign fleck retina: *letter to editor*, **267**
Fluorescein angiography, Peripapillary fluorescein angiographic findings in primary open angle glaucoma, **812**
Fluorescein leucocyte angiography, Measurement of retinal blood flow with fluorescein leucocyte angiography using a scanning laser ophthalmoscope in rabbits, **475**
Fluorometry, Non-invasive assessment of the donor corneal endothelium using ocular redox fluorometry, **69**
Fluoxetine, Fluoxetine oral administration increases intraocular pressure: *correspondence*, **678**
Foreign bodies, Magnetic resonance imaging and the dangers of orbital foreign bodies: *correspondence*, **1116**
Fuchs' heterochromic uveitis, Fuchs' heterochromic uveitis and sarcoidosis: *correspondence*, **774**
Fundal white dots, Fundal white dots: observations from a murine model of congenital ocular toxoplasmosis: *correspondence*, **189**
Fundus pulsations, Effect of isoproterenol, phenylephrine, and sodium nitroprusside on fundus pulsations in healthy volunteers, **217**

Ganciclovir
High dose intravitreal ganciclovir injection provides a prolonged therapeutic intraocular concentration, **214**
Randomised trial of ganciclovir and acyclovir in the treatment of herpes simplex dendritic keratitis: a multicentre study, **140**
Ganglion cells, Development and role of retinal glia in regeneration of ganglion cells following retinal injury, **458**
Genetics
Genetics of aniridia and anterior segment dysgenesis: *perspective*, **669**
Genetics of complex ophthalmic disorders: *perspective*, **763**

Iridoschisis: high frequency ultrasound imaging. Evidence for a genetic defect?, **1063**
Molecular genetics of macular dystrophies: *perspective*, **1018**
Geographical variations
Geographical variations in rates of ophthalmic surgery: a dilemma: *editorial*, **777**
Geographical variations in rates of ophthalmic surgery, **784**
Glaucoma
Acute IOP elevation with scleral suction: effects on retrobulbar haemodynamics, **1055**
Analysis of visual field progression in glaucoma, **40**
Blood pressure and glaucoma: *editorial*, **858**
Collagen synthesis activity in the aqueous humour of eyes with glaucoma surgery: a pilot study, **74**
Effect of oral nifedipine on ocular blood flow in patients with low tension glaucoma, **1060**
Genetics of complex ophthalmic disorders: *perspective*, **763**
Glaucoma laser suture lysis, **398**
Glycans of the trabecular meshwork in primary open angle glaucoma, **435**
Long term follow up of primary trabeculectomy for infantile glaucoma, **499**
Management of a patient with pseudophakic malignant glaucoma: role of ultrasound biomicroscopy: *letter to editor*, **676**
Medical treatment of glaucoma—a reappraisal of the risks: *perspective*, **85**
Neovascular tissue in the intertrabecular spaces in eyes with neovascular glaucoma, **750**
Number of people with glaucoma worldwide, **389**
Patient selection may be the key for the success of shared care for glaucoma: *correspondence*, **381**
Peripapillary fluorescein angiographic findings in primary open angle glaucoma, **812**
Seven million too many: *editorial*, **385**
Spatial classification of glaucomatous visual field loss, **526**
Sublingual timolol—an alternative to topical medication in glaucoma?, **532**
Twenty four hour blood pressure monitoring in normal tension glaucoma, **864**
What is the best primary surgical treatment for the infantile glaucomas? *editorial*, **495**
Glia, Development and role of retinal glia in regeneration of ganglion cells following retinal injury, **458**
Global blindness, The economic burden of global blindness: a price too high! *commentary*, **276**
L-Glutamine, Corneal organ culture: effects of serum and a stabilised form of L-glutamine, **740**
Glycans, Glycans of the trabecular meshwork in primary open angle glaucoma, **435**
Glycopyrrolate, Use of glycopyrrolate as a prophylaxis for vaso-vagal syncope during retinal photocoagulation: *correspondence*, **381**
Gorlin's syndrome, Microphthalmos in association with Gorlin's syndrome: *letter to editor*, **378**
Granular lattice dystrophy, Combined granular lattice dystrophy (Avellino corneal dystrophy): *letter to editor*, **489**
Growth curve, Reappraisal of the human ocular growth curve in fetal life, infancy, and early childhood, **918**
Growth factor, Upregulated expression of vascular endothelial growth factor in proliferative diabetic retinopathy, **241**

Haemangioma, Racemose haemangioma of the iris: *letter to editor*, **770**
Haemorrhage
Fibrinolysis of experimental subretinal haemorrhage without removal using tissue plasminogen activator, **658**
Retina to retina adhesions following suprachoroidal haemorrhage: *letter to editor*, **674**
Haemorrhagic shock, Retinopathy of prematurity in infants of birth weight >2000 g after haemorrhagic shock at birth, **728**
Hamartoma, Bilateral combined hamartoma of the retina and the retinal pigment epithelium: *letter to editor*, **577**
Helper T cells, Insufficient expression of Fas antigen on helper T cells in Behçet's disease, **174**
Hemifield defects, Objective detection of hemifield and quadrantic field defects by visual evoked cortical potentials, **297**
Herpes simplex
Circannually herpetic eye attacks: questionable significant rhythmicities: *correspondence*, **492**
Clinical evaluation of carbocyclic oxetanocin G eyedrops in the treatment of herpes simplex corneal ulcers, **413**
Diagnostic assays in cytomegalovirus retinitis: detection of herpesvirus by simultaneous application of the polymerase chain reaction and local antibody analysis on ocular fluid, **235**
Randomised trial of ganciclovir and acyclovir in the treatment of herpes simplex dendritic keratitis: a multicentre study, **140**
Risk factors for herpes simplex virus epithelial keratitis recurring during treatment of stromal keratitis or iridocyclitis, **969**
Herpes simplex virus DNA
Detecting herpesvirus DNA in uveitis using the polymerase chain reaction, **465**
Detection of herpes simplex virus DNA in donor cornea culture medium by polymerase chain reaction, **654**
History, Do you have a Roman connection? *history of ophthalmology*, **318**
HIV
Carcinoma of the conjunctiva and HIV infection in Uganda and Malawi, **503**
Challenge of HIV/AIDS related eye disease: *editorial*, **496**
Clinical utility of cytomegalovirus urine cultures for ophthalmic care in patients with HIV, **818**
Retinal blood flow indices in patients infected with human immunodeficiency virus, **723**
HLA type, Association of HLA type with pseudoexfoliation of the lens capsule, **402**
HLA-DR matching, Non-HLA antigens and HLA-DR matching in corneal transplantation: *commentary*, **780**
Horizontal saccade failure, Intermittent horizontal saccade failure ('ocular motor apraxia') in children, **151**
Hospital eye service, Preschool vision screening: outcome of children referred to the hospital eye service, **1077**
Human lens epithelial cell proliferation, In vivo human lens epithelial cell proliferation on the anterior surface of PMMA intraocular lenses, **469**
Human T cell lymphotropic virus type I, HTLV-I associated uveitis revisited: characteristic grey-white, granular deposits on retinal vessels, **719**
Humphrey field analyser program 30/2, The efficient use of perimetry for neuro-ophthalmic diagnosis, **903**
Hyaluronidase, Re-evaluation of hyaluronidase in peribulbar anaesthesia, **827**
Hydraulic pressure, Intracellular calcium response to hydraulic pressure in human trabecular cells, **561**
Hydrodissection, The 'pupil snap' sign of posterior capsule rupture with hydrodissection in phacoemulsification: *letter to editor*, **486**
Hyperoxia, Hyperoxia improves contrast sensitivity in early diabetic retinopathy, **209**
Hyperplastic primary vitreous, Bilateral congenital dentiform cataract and extreme microcornea in eyes with uveal colobomas and persistent hyperplastic primary vitreous: *letter to editor*, **378**
Hypertrophic cranial pachymeningitis, Optic neuropathy associated with hypertrophic cranial pachymeningitis: *letter to editor*, **574**

Immune deviation therapy, Lymphocyte subsets and ocular inflammation: future prospects for immune deviation therapy? *editorial*, **938**
Immunocytochemistry, Immunocytochemical study of retinal diode laser photocoagulation in the rat, **1092**
Immunofluorescent staining, Three dimensional analysis of the retinal vasculature using immunofluorescent staining and confocal laser scanning microscopy, **245**
Immunoregulation, Short term immunosuppressive therapy and long term immunoregulation: promises and problems, **1035**
Immunosuppressive therapy, Short term immunosuppressive therapy and long term immunoregulation: promises and problems, **1035**
India
Aetiology of childhood cataract in south India, **628**
Monitoring and evaluating cataract intervention in India, **951**
Indocyanine green angiography
Indocyanine green angiographic findings in serpiginous choroidopathy, **536**
Indocyanine green angiography: *perspective*, **263**
Indocyanine green angiography in a case of punctate inner choroidopathy: *letter to editor*, **90**
Infantile glaucoma
Long term follow up of primary trabeculectomy for infantile glaucoma, **499**
What is the best primary surgical treatment for the infantile glaucomas? *editorial*, **495**
Infection
Comparative intraocular penetration of topical and injected cefuroxime, **685**
Prevention of postoperative infection: limits and possibilities: *editorial*, **681**
Inflammation, Effects of allopurinol and steroids on inflammation and oxidative tissue damage in experimental lens induced uveitis: a biochemical and morphological study, **451**
Infrared radiation thermometry, Corneal temperature in patients with dry eye evaluated by infrared radiation thermometry, **29**
Injury
Incidence of cases of ocular trauma admitted to hospital and incidence of blinding outcome, **582**
The burden of serious ocular injury: *editorial*, **585**
Insulin dependent diabetes mellitus, Lens thickness and insulin dependent diabetes mellitus: a population based twin study, **405**
Interceed, Use of physical barriers for delayed adjustable strabismus surgery: the effect of Interceed and polyglactin 910 mesh, **759**
Interferon alfa-2b, Local interferon alfa-2b for ocular cicatricial pemphigoid: *letter to editor*, **927**

Intertrabecular spaces, Neovascular tissue in the intertrabecular spaces in eyes with neovascular glaucoma, **750**
Intracranial hypertension, Optic nerve diameters and perimetric thresholds in idiopathic intracranial hypertension, **509**
Intracranial melanoma, Ocular melanocytosis associated with intracranial melanoma: *letter to editor*, **1025**
Intracranial oculomotor nerve, Anatomy of the extraneural blood supply to the intracranial oculomotor nerve, **177**
Intraocular inflammatory disease, Causes and frequency of blindness in patients with intraocular inflammatory disease, **332**
Intraocular pressure
Acute IOP elevation with scleral suction: effects on retrobulbar haemodynamics, **1055**
Fluoxetine oral administration increases intraocular pressure: *correspondence*, **678**
Intraocular pressure changes after peribulbar injections with and without ocular compression, **394**
On the precision and reliability of IOP measurement: *commentary*, **586**
Sublingual timolol—an alternative to topical medication in glaucoma?, **532**
Intraoperative mitomycin C, Long term results of intraoperative mitomycin C in the treatment of recurrent pterygium, **288**
Iridocyclitis, Risk factors for herpes simplex virus epithelial keratitis recurring during treatment of stromal keratitis or iridocyclitis, **969**
Iridoschisis, Iridoschisis: high frequency ultrasound imaging. Evidence for a genetic defect?, **1063**
Iris
Racemose haemangioma of the iris: *letter to editor*, **770**
Recurrent systemic B cell lymphoma of the iris: *letter to editor*, **929**
Transillumination of iris and subnormal visual acuity—ocular albinism?, **617**
Iris indocyanine green videoangiography, Iris indocyanine green videoangiography in diabetic iridopathy, **416**
Isoproterenol, Effect of isoproterenol, phenylephrine, and sodium nitroprusside on fundus pulsations in healthy volunteers, **217**

Japan, Ocular symptoms due to organophosphorus gas (Sarin) poisoning in Matsumoto: *letter to editor*, **1023**
Juvenile macular degeneration, Analysis of 21 Stargardt's disease families confirms a major locus on chromosome 1p with evidence for non-allelic heterogeneity in a minority of cases, **745**

Keratectomy
Contact lens fitting after photorefractive keratectomy, **597**
Effect of ablation profile on wound healing and visual performance 1 year after excimer laser photorefractive keratectomy, **224**
Excimer laser photorefractive keratectomy for patients with contact lens intolerance caused by dry eye, **604**
Refractive and visual results and patient satisfaction after excimer laser keratectomy for myopia: *correspondence*, **380**
Role of epithelial hyperplasia in regression following photorefractive keratectomy, **545**
Keratitis
Acanthamoeba keratitis: first recorded case from a Palestinian patient with trachoma: *letter to editor*, **849**
Acanthamoeba keratitis: risk factors and outcome: *correspondence*, **773**
Infectious keratitis with corneal perforation associated with corneal hydrops and contact lens wear in keratoconus, **409**
Non-tuberculous mycobacterial keratitis: a study of 22 cases, **962**
Risk factors for herpes simplex virus epithelial keratitis recurring during treatment of stromal keratitis or iridocyclitis, **969**
Keratoconic topography picture, PRK in patients with a keratoconic topography picture. The concept of a physiological 'displaced apex syndrome', **25**
Keratoconus
Infectious keratitis with corneal perforation associated with corneal hydrops and contact lens wear in keratoconus, **409**
Penetrating keratoplasty in Africa: graft survival and visual outcome, **890**
Keratocytes, Viability of keratocytes in epikeratophakia lenticules, **367**
Keratopathy, *Euphorbia* sap keratopathy: four cases and a possible pathogenic mechanism, **823**
Keratoplasty, Unilateral *Malassezia furfur* blepharitis after perforating keratoplasty: *letter to editor*, **488**
Krypton red laser photocoagulation, Comparative effects of argon green and krypton red laser photocoagulation for patients with diabetic exudative maculopathy, **319**

Laser
Advanced cicatricial retinopathy of prematurity—outcome and complications, **343**
Comparative effects of argon green and krypton red laser photocoagulation for patients with diabetic exudative maculopathy, **319**
Corneal epithelial recovery following photorefractive keratectomy, **663**
Effect of ablation profile on wound healing and visual performance 1 year after excimer laser photorefractive keratectomy, **224**
Enhancement of post trabeculectomy bleb formation by laser suture lysis, **624**
Excimer laser photorefractive keratectomy for patients with contact lens intolerance caused by dry eye, **604**
Glaucoma laser suture lysis, **398**
Laser treatment of soft drusen in age-related maculopathy: *commentary*, **4**
Psychological aspects of excimer laser surgery for myopia: reasons for seeking treatment and patient satisfaction, **874**
Refractive and visual results and patient satisfaction after excimer laser keratectomy for myopia: *correspondence*, **380**
Three dimensional analysis of the retinal vasculature using immunofluorescent staining and confocal laser scanning microscopy, **246**
Trends in the management of stage 3 retinopathy of prematurity, **278**
Lattice type 1 dystrophy, Combined granular lattice dystrophy (Avellino corneal dystrophy): *letter to editor*, **489**
Leber's hereditary optic neuropathy
Compensatory elevation of complex II activity in Leber's hereditary optic neuropathy, **78**
Leber's hereditary optic neuropathy: heteroplasmy is likely to be significant in the expression of LHON in families with the 3460 ND1 mutation, **915**
Lens capsule, Association of HLA type with pseudoexfoliation of the lens capsule, **402**
Lens epithelial cells
Effects of the cytokines on the proliferation of and collagen synthesis by human cataract lens epithelial cells, **63**
In vivo human lens epithelial cell proliferation on the anterior surface of PMMA intraocular lenses, **469**
Presence of α smooth muscle actin in lens epithelial cells of aphakic rabbit eyes, **906**
Lens thickness, Lens thickness and insulin dependent diabetes mellitus: a population based twin study, **405**
Levator palpebrae superioris muscle, Functional anatomy of the levator palpebrae superioris muscle and its connective tissue system, **702**
Linear scleroderma, Linear scleroderma with orbital involvement: follow up and magnetic resonance imaging: *letter to editor*, **930**
Lipid peroxidation, Role of lipid peroxidation in the pathogenesis of myopic and senile cataract, **840**
Low birth weight, Retinopathy of prematurity in infants of birth weight >2000 g after haemorrhagic shock at birth, **728**
Low gestational age, Retinopathy of prematurity in infants of birth weight >2000 g after haemorrhagic shock at birth, **728**
Low impact collision, Airbag injury during low impact collision: *letter to editor*, **487**
Low vision, Low vision: *correspondence*, **380**
Lower lid, Surgical repair of paralytic lagophthalmos by medial tarsal suspension of the lower lid, **708**
Lymphocyte subsets, Lymphocyte subsets and ocular inflammation: future prospects for immune deviation therapy? *editorial*, **938**
Lymphoma
Metachronous lymphoma of the breast and conjunctiva: *letter to editor*, **574**
Recurrent systemic B cell lymphoma of the iris: *letter to editor*, **929**

McCartney, Alison, Obituary, **679**
Macular degeneration
Age-related macular disease: *editorial*, **2**
Analysis of 21 Stargardt's disease families confirms a major locus on chromosome 1p with evidence for non-allelic heterogeneity in a minority of cases, **745**
Genetics of complex ophthalmic disorders: *perspective*, **763**
Is the incidence of registrable age-related macular degeneration increasing? **9**
Laser treatment of soft drusen in age-related maculopathy: *commentary*, **4**
Postoperative abnormalities of the choriocapillaris in exudative age-related macular degeneration, **314**
Red blood cell antioxidant enzymes in age-related macular degeneration, **445**
Submacular surgery for choroidal neovascularisation: *commentary*, **101**
Teletherapy for subfoveal choroidal neovascularisation of age-related macular degeneration: results of follow up in a non-randomised study, **1046**
Macular dystrophies, Molecular genetics of macular dystrophies: *perspective*, **1018**
Macular holes
Natural outcomes of stage 1, 2, 3, and 4 idiopathic macular holes: *correspondence*, **189**
Visual field loss following vitrectomy for stage 2 and 3 macular holes, **519**
Magnetic resonance imaging
Linear scleroderma with orbital involvement: follow up and magnetic resonance imaging: *letter to editor*, **930**
Magnetic resonance imaging and the dangers of orbital foreign bodies: *correspondence*, **1116**

Malassezia furfur, Unilateral *Malassezia furfur* blepharitis after perforating keratoplasty: *letter to editor*, **488**
Malawi
Carcinoma of the conjunctiva and HIV infection in Uganda and Malawi, **503**
Changing patterns of corneal disease and associated vision loss at a rural African hospital following a training programme for traditional healers, **694**
Measles-rubella vaccination, Optic neuritis following measles/rubella vaccination in two 13-year-old children: *letter to editor*, **1110**
Medial tarsal suspension, Surgical repair of paralytic lagophthalmos by medial tarsal suspension of the lower lid, **708**
Meige syndrome, Treatment selections of 239 patients with blepharospasm and Meige syndrome over 11 years, **1073**
Melanocytosis, Ocular melanocytosis associated with intracranial melanoma: *letter to editor*, **1025**
Melanoma
Local resection of posterior uveal melanoma: *editorial*, **97**: *correspondence*, **1029**
Long term visual outcome of radiated uveal melanomas in eyes eligible for randomisation to enucleation versus brachytherapy, **117**
Melanoma specific Th1 cytotoxic T lymphocyte lines in Vogt-Koyanagi-Harada disease, **1002**
Multidrug resistance in ocular melanoma, **1009**
Ocular melanocytosis associated with intracranial melanoma: *letter to editor*, **1025**
Radiation related complications after ruthenium plaque radiotherapy of uveal melanoma, **732**
Risk factors for metastatic uveal melanoma after trans-scleral local resection, **109**: *correspondence*, **1028**
Risk factors for residual and recurrent uveal melanoma after trans-scleral local resection, **102**: *correspondence*, **1028**
Unilateral choroidal melanoma with bilateral retinal vasculitis: *letter to editor*, **850**
Metachronous lymphoma, Metachronous lymphoma of the breast and conjunctiva: *letter to editor*, **574**
Metastases
Frequency of ocular metastases in patients dying of cancer in eye bank populations, **125**
Metastases to the conjunctiva: *editorial*, **1**
Metastatic tumours to the conjunctiva: report of 10 cases, **5**
Metastatic bacterial endophthalmitis, Recurrent septic retinal emboli following dental surgery: *letter to editor*, **1111**
Microaneurysms, Disappearance and formation rates of microaneurysms in early diabetic retinopathy, **135**
Microbial contamination
Control of microbial contamination in unpreserved eyedrops, **588**
To preserve or not to preserve, is that the question? *editorial*, **583**
Microcornea, Bilateral congenital dentiform cataract and extreme microcornea in eyes with uveal colobomas and persistent hyperplastic primary vitreous: *letter to editor*, **378**
Microphthalmos, Microphthalmos in association with Gorlin's syndrome: *letter to editor*, **378**
Midline craniofacial cleft, Achiasmia in a case of midline craniofacial cleft with seesaw nystagmus: *letter to editor*, **1023**
Mitochondria, Compensatory elevation of complex II activity in Leber's hereditary optic neuropathy, **78**
Mitomycin, Mitomycin against posterior capsular opacification: an experimental study in rabbits, **1087**
Mitomycin C, Long term results of intraoperative mitomycin C in the treatment of recurrent pterygium, **288**
Molecular genetics, Molecular genetics of macular dystrophies: *perspective*, **1018**
Monoclonal population, Monoclonal origin of localised orbital amyloidosis detected by molecular analysis, **1013**
Monofilament suture knots, Scanning electron microscopic study of monofilament suture knots, **164**
mRNA, Demonstration of renin mRNA, angiotensinogen mRNA, and angiotensin converting enzyme mRNA expression in the human eye: evidence for an intraocular renin-angiotensin system, **159**
Multidrug resistance, Multidrug resistance in ocular melanoma, **1009**
Multifocal electroretinograph, Functional imaging of the retina using the multifocal electroretinograph: a control study, **831**
Multiple sclerosis, Paroxysmal superior rectus and levator palpebrae spasm: a unique presentation of multiple sclerosis: *letter to editor*, **187**
Myopia
Psychological aspects of excimer laser surgery for myopia: reasons for seeking treatment and patient satisfaction, **874**
Refractive and visual results and patient satisfaction after excimer laser keratectomy for myopia: *correspondence*, **380**

Neovascular glaucoma, Neovascular tissue in the intertrabecular spaces in eyes with neovascular glaucoma, **750**
Neovascular tissue, Neovascular tissue in the intertrabecular spaces in eyes with neovascular glaucoma, **750**
Neovascularisation, Levels of vascular endothelial growth factor are elevated in the vitreous of patients with subretinal neovascularisation, **363**
Nepal
Prevalence and risk factors for trachoma in Sarlahi district, Nepal, **1037**
Trachoma—new opportunities to tackle an old problem: *editorial*, **1033**
Neuro-ophthalmic diagnosis, The efficient use of perimetry for neuro-ophthalmic diagnosis, **903**
Neurological disease, When is acute onset concomitant esotropia a sign of serious neurological disease? *correspondence*, **380**
Neuromyotonia, Ocular neuromyotonia, **350**
Neuropathy, Neural network differentiation of optic neuritis and anterior ischaemic optic neuropathy, **835**
Neutrophil infiltration, Intraocular production of cytokine (CINC) responsible for neutrophil infiltration in endotoxin induced uveitis, **649**
Newborn, Bell's phenomenon in newborns and premature babies, **553**
Nidek AR-1000 autorefractor, Clinical evaluation of the Allergan Humphrey 500 autorefractor and the Nidek AR-1000 autorefractor, **35**
Nifedipine, Effect of oral nifedipine on ocular blood flow in patients with low tension glaucoma, **1060**
Night blindness, Undetectable S cone electroretinogram b-wave in complete congenital stationary night blindness, **637**
Nitric oxide, Protective role of nitric oxide in ocular toxoplasmosis, **644**
***Nocardia* keratitis**, Amikacin may be drug of choice in *Nocardia* keratitis: *letter to editor*, **928**
Non-accidental injury
Ocular and cerebral trauma in non-accidental injury in infancy: underlying mechanisms and implications for paediatric practice, **282**
The eye and the brain in non-accidental injury involving young children: *editorial*, **275**
Non-HLA antigens, Non-HLA antigens and HLA-DR matching in corneal transplantation: *commentary*, **780**
Non-steroidal anti-inflammatory drugs, The emerging roles of topical non-steroidal anti-inflammatory agents in ophthalmology: *perspective*, **480**: *correspondence*, **1117**
Non-tuberculous mycobacterial keratitis, Non-tuberculous mycobacterial keratitis: a study of 22 cases, **962**
Nordic child population, Incidence of registered visual impairment in the Nordic child population, **49**
Notices, **95, 190, 270, 382, 492, 581, 679, 775, 855, 935, 1031, 1117**

Obituary
Cross AG, **580**
McCartney, Alison, **679**
Ocular albinism, Transillumination of iris and subnormal visual acuity—ocular albinism?, **617**
Ocular blood flow, Effect of oral nifedipine on ocular blood flow in patients with low tension glaucoma, **1060**
Ocular cicatricial pemphigoid
Local interferon alfa-2b for ocular cicatricial pemphigoid: *letter to editor*, **927**
Progression of disease in ocular cicatricial pemphigoid, **292**
Sulphapyridine—a new agent for the treatment of ocular cicatricial pemphigoid, **549**
Unilateral ocular cicatricial pemphigoid with circulating IgA and IgG autoantibodies reactive with the 180 kD bullous pemphigoid antigen: *letter to editor*, **769**
Ocular compression, Intraocular pressure changes after peribulbar injections with and without ocular compression, **394**
Ocular growth curve, Reappraisal of the human ocular growth curve in fetal life, infancy, and early childhood, **918**
Ocular inflammation, Lymphocyte subsets and ocular inflammation: future prospects for immune deviation therapy? *editorial*, **938**
Ocular injury
Burden of serious ocular injury: *editorial*, **585**
Incidence of cases of ocular trauma admitted to hospital and incidence of blinding outcome, **582**
Ocular melanocytosis, Ocular melanocytosis associated with intracranial melanoma: *letter to editor*, **1025**
Ocular metastases, Frequency of ocular metastases in patients dying of cancer in eye bank populations, **125**
Ocular motor apraxia, Intermittent horizontal saccade failure ('ocular motor apraxia') in children, **151**
Ocular neuromyotonia, Ocular neuromyotonia, **350**
Ocular oxygen, Ocular oxygen measurement: *perspective*, **567**
Ocular redox fluorometry, Non-invasive assessment of the donor corneal endothelium using ocular redox fluorometry, **69**
Ocular toxoplasmosis
Fundal white dots: observations from a murine model of congenital ocular toxoplasmosis: *correspondence*, **189**
Protective role of nitric oxide in ocular toxoplasmosis, **644**
Toxoplasma gondii and ocular toxoplasmosis: pathogenesis: *perspective*, **1099**

Oculist's stamps, Do you have a Roman connection? *history of ophthalmology*, **318**
Oculomotor nerve, Anatomy of the extraneural blood supply to the intracranial oculomotor nerve, **177**
Oculorenal syndrome, A new oculorenal syndrome: retinal dystrophy and tubulointerstitial nephropathy in cranioectodermal dysplasia: *letter to editor*, **490**
Onchocerciasis, Onchocerciasis in Ecuador: evolution of chorioretinopathy after amocarzine treatment, **337**
Opacities, Deep corneal stromal opacities associated with long term contact lens wear, **21**
Ophthalmic physician, The ophthalmic physician: an indulgence or a necessity: *commentary*, **782**
Ophthalmic services, Ophthalmic services for children: *commentary*, **388**
Ophthalmic surgery
Geographical variations in rates of ophthalmic surgery: a dilemma: *editorial*, **777**
Geographical variations in rates of ophthalmic surgery, **784**
Optic nerve, Optic nerve diameters and perimetric thresholds in idiopathic intracranial hypertension, **509**
Optic nerve head, A case of traumatic retinal avulsion at the optic nerve head: *letter to editor*, **575**
Optic nerve sheath decompression, Disappearance of optociliary shunt vessels after optic nerve sheath decompression: *letter to editor*, **186**
Optic nerve vasomotor, Optic nerve vasomotor effects of topical apraclonidine hydrochloride, **82**
Optic neuritis
Neural network differentiation of optic neuritis and anterior ischaemic optic neuropathy, **835**
Optic neuritis following measles/rubella vaccination in two 13-year-old children: *letter to editor*, **1110**
Optic neuropathy, Optic neuropathy associated with hypertrophic cranial pachymeningitis: *letter to editor*, **574**
Optociliary shunt vessels, Disappearance of optociliary shunt vessels after optic nerve sheath decompression: *letter to editor*, **186**
Orbit
Primary localised amyloidosis of the orbit, **1083**
Retrobulbar pressures measured during surgical decompression of the orbit, **1042**
Orbital amyloidosis, Monoclonal origin of localised orbital amyloidosis detected by molecular analysis, **1013**
Orbital decompression, Effects of bilateral orbital decompression by an endoscopic endonasal approach in dysthyroid orbitopathy, **58**
Orbital fibrosarcoma, Primary orbital fibrosarcoma developing in the scleral stroma: *letter to editor*, **932**
Orbital foreign bodies, Magnetic resonance imaging and the dangers of orbital foreign bodies: *correspondence*, **1116**
Orbitopathy, Venous stasis orbitopathy: a clinical and echographic study, **129**
Organophosphorus gas (Sarin) poisoning, Ocular symptoms due to organophosphorus gas (Sarin) poisoning in Matsumoto: *letter to editor*, **1023**
Oxidative stress, Red blood cell antioxidant enzymes in age-related macular degeneration, **445**
Oxidative tissue damage, Effects of allopurinol and steroids on inflammation and oxidative tissue damage in experimental lens induced uveitis: a biochemical and morphological study, **451**
Oxygen, Ocular oxygen measurement: *perspective*, **567**
Oxygen free radicals, Oxygen free radicals and retinopathy of prematurity: *editorial*, **387**
Oxygen induced retinopathy, An elevated level of copper zinc superoxide dismutase fails to prevent oxygen induced retinopathy in mice, **429**

Pachymeningitis, Optic neuropathy associated with hypertrophic cranial pachymeningitis: *letter to editor*, **574**
Paneria, Werner's syndrome: *letter to editor*, **576**
Paralytic lagophthalmos, Surgical repair of paralytic lagophthalmos by medial tarsal suspension of the lower lid, **708**
Paroxysmal diplopia
Ocular neuromyotonia, **350**
Paroxysmal superior rectus and levator palpebrae spasm: a unique presentation of multiple sclerosis: *letter to editor*, **187**
Pars planitis, Coats'-like response in a patient with pars planitis: *letter to editor*, **675**
Pellucid marginal degeneration, Unilateral pellucid marginal degeneration in an elderly patient: *letter to editor*, **927**
Pemphigoid
Progression of disease in ocular cicatricial pemphigoid, **292**
Sulphapyridine—a new agent for the treatment of ocular cicatricial pemphigoid, **549**
Penetrating keratoplasty, Penetrating keratoplasty in Africa: graft survival and visual outcome, **890**
Peribulbar anaesthesia, Re-evaluation of hyaluronidase in peribulbar anaesthesia, **827**
Peribulbar injections
Intraocular pressure changes after peribulbar injections with and without ocular compression, **394**
Should myopes have routine axial length measurements before retrobulbar or peribulbar injections? *commentary*, **498**
Perimetric thresholds, Optic nerve diameters and perimetric thresholds in idiopathic intracranial hypertension, **509**
Perimetry
Efficient use of perimetry for neuro-ophthalmic diagnosis, **903**
Feasibility of automated visual field examination in children between 5 and 8 years of age, **515**
Peripapillary fluorescein angiography, Peripapillary fluorescein angiographic findings in primary open angle glaucoma, **812**
Peters' anomaly, Peters' anomaly: *correspondence*, **579**
Phacoemulsification
A case of Descemet's membrane detachment during phacoemulsification surgery: *letter to editor*, **185**
First day follow up for routine phacoemulsification?, **148**
The 'pupil snap' sign of posterior capsule rupture with hydrodissection in phacoemulsification: *letter to editor*, **486**
Phenylephrine, Effect of isoproterenol, phenylephrine, and sodium nitroprusside on fundus pulsations in healthy volunteers, **217**
Photocystotomy, Vitreous photocystotomy: *letter to editor*, **1025**
Photorefractive keratectomy
Contact lens fitting after photorefractive keratectomy, **597**
Corneal epithelial recovery following photorefractive keratectomy, **663**
Effect of ablation profile on wound healing and visual performance 1 year after excimer laser photorefractive keratectomy, **224**
Excimer laser photorefractive keratectomy for patients with contact lens intolerance caused by dry eye, **604**
PRK in patients with a keratoconic topography picture. The concept of a physiological 'displaced apex syndrome', **25**
Role of epithelial hyperplasia in regression following photorefractive keratectomy, **545**
PMMA intaocular lenses, In vivo human lens epithelial cell proliferation on the anterior surface of PMMA intraocular lenses, **469**
Polyglactin 910 mesh, Use of physical barriers for delayed adjustable strabismus surgery: the effect of Interceed and polyglactin 910 mesh, **759**
Polymerase chain reaction
Detecting herpesvirus DNA in uveitis using the polymerase chain reaction, **465**
Detection of herpes simplex virus DNA in donor cornea culture medium by polymerase chain reaction, **654**
Diagnostic assays in cytomegalovirus retinitis: detection of herpesvirus by simultaneous application of the polymerase chain reaction and local antibody analysis on ocular fluid, **235**
Post-traumatic endophthalmitis, Experimental *Bacillus cereus* post-traumatic endophthalmitis and treatment with ciprofloxacin, **755**
Posterior capsular opacification, Mitomycin against posterior capsular opacification: an experimental study in rabbits, **1087**
Posterior capsule rupture, The 'pupil snap' sign of posterior capsule rupture with hydrodissection in phacoemulsification: *letter to editor*, **486**
Postoperative infection
Comparative intraocular penetration of topical and injected cefuroxime, **685**
Prevention of postoperative infection: limits and possibilities: *editorial*, **681**
Potassium, Ocular neuromyotonia, **350**
Premature babies, Bell's phenomenon in newborns and premature babies, **553**
Preschool vision screening
Preschool vision screening: outcome of children referred to the hospital eye service, **1077**
Visual screening programme for preschool children: *correspondence*, **678**
Prevalence
Number of people with glaucoma worldwide, **389**
Seven million too many: *editorial*, **385**
Primary localised amyloidosis, Primary localised amyloidosis of the orbit, **1083**
Progeria, Werner's syndrome: *letter to editor*, **576**
Progressive outer retinal necrosis, Association of progressive outer retinal necrosis and varicella zoster encephalitis in a patient with AIDS, **982**
Pseudoexfoliation, Association of HLA type with pseudoexfoliation of the lens capsule, **402**
Pseudophakic malignant glaucoma, Management of a patient with pseudophakic malignant glaucoma: role of ultrasound biomicroscopy: *letter to editor*, **676**
Pseudophakic retinal detachment, Primary vitrectomy for pseudophakic retinal detachment, **346**
Psychological aspects, Psychological aspects of excimer laser surgery for myopia: reasons for seeking treatment and patient satisfaction, **874**
Pterygium
Conjunctival epithelial inclusion cyst arising from a pterygium: *letter to editor*, **769**

Long term results of intraoperative mitomycin C in the treatment of recurrent pterygium, **288**
Surgery for pterygium using a conjunctival pedunculated flap slide, **33**
Pulmonary tuberculosis, Acute posterior multifocal placoid pigment epitheliopathy associated with pulmonary tuberculosis: *letter to editor*, **186**
Punctate inner choroidopathy, Indocyanine green angiography in a case of punctate inner choroidopathy: *letter to editor*, **90**
'Pupil snap' sign, The 'pupil snap' sign of posterior capsule rupture with hydrodissection in phacoemulsification: *letter to editor*, **486**

Quadrantic field defects, Objective detection of hemifield and quadrantic field defects by visual evoked cortical potentials, **297**
Quality of life, Gains from cataract surgery: visual function and quality of life, **868**

Racemose haemangioma, Racemose haemangioma of the iris: *letter to editor*, **770**
Radiation related complications, Radiation related complications after ruthenium plaque radiotherapy of uveal melanoma, **732**
Radiation therapy, Temporary corneal stem cell dysfunction after radiation therapy, **911**
Radiotherapy, Radiation related complications after ruthenium plaque radiotherapy of uveal melanoma, **732**
Real world vision, Effect of a cataract simulation on clinical and real world vision, **799**
Rectus muscle recession, One stage vertical rectus muscle recession using adjustable sutures under local anaesthesia, **713**
Recurrent pterygium, Long term results of intraoperative mitomycin C in the treatment of recurrent pterygium, **288**
Red blood cell antioxidant enzymes, Red blood cell antioxidant enzymes in age-related macular degeneration, **445**
Refractive outcome, Refractive outcome in eyes with retinopathy of prematurity treated with cryotherapy or diode laser: 3 year follow up, **998**
Renin-angiotensin system
Demonstration of renin mRNA, angiotensinogen mRNA, and angiotensin converting enzyme mRNA expression in the human eye: evidence for an intraocular renin-angiotensin system, **159**
The renin-angiotensin system in the human eye: *editorial*, **99**
Renin mRNA, Demonstration of renin mRNA, angiotensinogen mRNA, and angiotensin converting enzyme mRNA expression in the human eye: evidence for an intraocular renin-angiotensin system, **159**
Retina
Automatic detection of diabetic retinopathy using an artificial neural network: a screening tool, **940**
Benign fleck retina: *letter to editor*, **267**
Functional imaging of the retina using the multifocal electroretinograph: a control study, **831**
Immunocytochemical study of retinal diode laser photocoagulation in the rat, **1092**
Solitary astrocytoma of the retina in a child: *letter to editor*, **674**
Towards the automatic interpretation of retinal images: *editorial*, **937**
Retina to retina adhesions, Retina to retina adhesions following suprachoroidal haemorrhage: *letter to editor*, **674**
Retinal arterial occlusion, Retinal arterial occlusion associated with resistance to activated protein C: *letter to editor*, **1111**
Retinal avulsion, A case of traumatic retinal avulsion at the optic nerve head: *letter to editor*, **575**
Retinal blood flow
Measurement of retinal blood flow with fluorescein leucocyte angiography using a scanning laser ophthalmoscope in rabbits, **475**
Retinal blood flow indices in patients infected with human immunodeficiency virus, **723**
Retinal detachment
Cataract surgery and retinal detachment: cause and effect? *editorial*, **683**
Primary vitrectomy for pseudophakic retinal detachment, **346**
Retinal detachment associated with atopic dermatitis, **54**
Retinal detachment in identical twins with Stickler syndrome type 1, **976**
Risk of retinal detachment following cataract extraction: results from the International Cataract Surgery Outcomes Study, **689**
Retinal dystrophy, A new oculorenal syndrome: retinal dystrophy and tubulointerstitial nephropathy in cranioectodermal dysplasia: *letter to editor*, **490**
Retinal haemodynamics, Retinal haemodynamics in patients with early diabetes mellitus, **327**
Retinal injury, Development and role of retinal glia in regeneration of ganglion cells following retinal injury, **458**
Retinal necrosis, Association of progressive outer retinal necrosis and varicella zoster encephalitis in a patient with AIDS, **982**
Retinal photocoagulation, Use of glycopyrrolate as a prophylaxis for vaso-vagal syncope during retinal photocoagulation: *correspondence*, **381**
Retinal pigment epithelium, Bilateral combined hamartoma of the retina and the retinal pigment epithelium: *letter to editor*, **577**
Retinal vasculature, Three dimensional analysis of the retinal vasculature using immunofluorescent staining and confocal laser scanning microscopy, **246**
Retinal vasculitis, Unilateral choroidal melanoma with bilateral retinal vasculitis: *letter to editor*, **850**
Retinal vein occlusion
Activated protein C resistance in young adults with central retinal vein occlusion, **200**: *correspondence*, **1116**
Activated protein C and retinal vein occlusion: *editorial*, **194**: *correspondence*, **1116**
Blood viscosity, coagulation, and activated protein C resistance in central retinal vein occlusion: a population controlled study, **203**: *correspondence*, **1116**
Relation between retinal vein occlusions and axial length, **633**
Retinitis
Cytomegalovirus retinitis associated with long term oral corticosteroid use: *letter to editor*, **849**
Diagnostic assays in cytomegalovirus retinitis: detection of herpesvirus by simultaneous application of the polymerase chain reaction and local antibody analysis on ocular fluid, **235**
Diagnostic assays in cytomegalovirus retinitis: *editorial*, **195**
High dose intravitreal ganciclovir injection provides a prolonged therapeutic intraocular concentration, **214**
Retinoblastoma, Unilateral retinoblastoma—genetic implications: *editorial*, **193**
Retinopathy
Disappearance and formation rates of microaneurysms in early diabetic retinopathy, **135**
Distribution of TNFα and its reactive vascular adhesion molecules in fibrovascular membranes of proliferative diabetic retinopathy, **168**
Elevated level of copper zinc superoxide dismutase fails to prevent oxygen induced retinopathy in mice, **429**
Retinopathy of prematurity
Advanced cicatricial retinopathy of prematurity—outcome and complications, **343**
Evidently, evidence based: *editorial*, **273**
Oxygen free radicals and retinopathy of prematurity: *editorial*, **387**
Refractive outcome in eyes with retinopathy of prematurity treated with cryotherapy or diode laser: 3 year follow up, **998**
Retinopathy of prematurity in a controlled trial of prophylactic surfactant treatment, **420**
Retinopathy of prematurity in infants of birth weight >2000 g after haemorrhagic shock at birth, **728**
Systemic effects of screening for retinopathy of prematurity, **425**
Trends in the management of stage 3 retinopathy of prematurity, **278**
Retrobulbar haemodynamics, Acute IOP elevation with scleral suction: effects on retrobulbar haemodynamics, **1055**
Retrobulbar injections, Should myopes have routine axial length measurements before retrobulbar or peribulbar injections? *commentary*, **498**
Retrobulbar pressures
Retrobulbar pressures in dysthyroid optic neuropathy: *editorial*, **1034**
Retrobulbar pressures measured during surgical decompression of the orbit, **1042**
Rhythmicities, Circannually herpetic eye attacks: questionable significant rhythmicities: *correspondence*, **492**
Roman connection, Do you have a Roman connection? *history of ophthalmology*, **318**

Scleral stroma, Primary orbital fibrosarcoma developing in the scleral stroma: *letter to editor*, **932**
Scleral suction, Acute IOP elevation with scleral suction: effects on retrobulbar haemodynamics, **1055**
Scleroderma, Linear scleroderma with orbital involvement: follow up and magnetic resonance imaging: *letter to editor*, **930**
Scotoma, Physiology of suppression in strabismic amblyopia: *perspective*, **373**
Screening
Automatic detection of diabetic retinopathy using an artificial neural network: a screening tool, **940**

Simulation of diabetic eye disease to compare screening policies, **945**
Systemic effects of screening for retinopathy of prematurity, **425**
Visual screening programme for preschool children: *correspondence*, **678**
Seesaw nystagmus, Achiasmia in a case of midline craniofacial cleft with seesaw nystagmus: *letter to editor*, **1023**
Septic retinal emboli, Recurrent septic retinal emboli following dental surgery: *letter to editor*, **1111**
Serpiginous choroidopathy, Indocyanine green angiographic findings in serpiginous choroidopathy, **536**
Seventh nerve palsy, Surgical repair of paralytic lagophthalmos by medial tarsal suspension of the lower lid, **708**
Shared care, Patient selection may be the key for the success of shared care for glaucoma: *correspondence*, **381**
Sierra Leone
Aetiology of uveitis in Sierra Leone, west Africa, **956**
Evaluation of high volume extracapsular cataract extraction with posterior chamber lens implantation in Sierra Leone, west Africa, **698**
Smooth muscle actin, Presence of α smooth muscle actin in lens epithelial cells of aphakic rabbit eyes, **906**
Sodium nitroprusside, Effect of isoproterenol, phenylephrine, and sodium nitroprusside on fundus pulsations in healthy volunteers, **217**
Soft drusen, Laser treatment of soft drusen in age-related maculopathy: *commentary*, **4**
Spatial classification, Spatial classification of glaucomatous visual field loss, **526**
Stamps, Do you have a Roman connection? *history of ophthalmology*, **318**
Standard protocol, Diffusion coefficient through the blood-aqueous barrier using a standard protocol, **356**
Stargardt's disease, Analysis of 21 Stargardt's disease families confirms a major locus on chromosome 1p with evidence for non-allelic heterogeneity in a minority of cases, **745**
Steroids, Effects of allopurinol and steroids on inflammation and oxidative tissue damage in experimental lens induced uveitis: a biochemical and morphological study, **451**
Stickler syndrome type 1, Retinal detachment in identical twins with Stickler syndrome type 1, **976**
Stone crackers, An unusual corneal injury: *letter to editor*, **1112**
Strabismic amblyopia, Physiology of suppression in strabismic amblyopia: *perspective*, **373**
Strabismus surgery, Use of physical barriers for delayed adjustable strabismus surgery: the effect of Interceed and polyglactin 910 mesh, **759**
Subfoveal choroidal neovascularisation, Teletherapy for subfoveal choroidal neovascularisation of age-related macular degeneration: results of follow up in a non-randomised study, **1046**
Subfoveal pigment epithelial detachments, Subfoveal pigment epithelial detachments with distant extrafoveal choroidal neovascular membranes: *letter to editor*, **929**
Sublingual timolol, Sublingual timolol—an alternative to topical medication in glaucoma?, **532**
Subretinal haemorrhage, Fibrinolysis of experimental subretinal haemorrhage without removal using tissue plasminogen activator, **658**
Subretinal neovascularisation, Levels of vascular endothelial growth factor are elevated in the vitreous of patients with subretinal neovascularisation, **363**
Sudden unilateral visual loss, Sudden unilateral visual loss and brain infarction after autologous fat injection into nasolabial groove: *letter to editor*, **1026**
Sulphapyridine, Sulphapyridine—a new agent for the treatment of ocular cicatricial pemphigoid, **549**
Superior rectus/levator complex spasm, Paroxysmal superior rectus and levator palpebrae spasm: a unique presentation of multiple sclerosis: *letter to editor*, **187**
Superior transverse ligament, Functional anatomy of the levator palpebrae superioris muscle and its connective tissue system, **702**
Suppression, Physiology of suppression in strabismic amblyopia: *perspective*, **373**
Suprachoroidal haemorrhage, Retina to retina adhesions following suprachoroidal haemorrhage: *letter to editor*, **674**
Surfactant, Retinopathy of prematurity in a controlled trial of prophylactic surfactant treatment, **420**
Surgical decompression of the orbit, Retrobulbar pressures measured during surgical decompression of the orbit, **1042**
Suture knots, Scanning electron microscopic study of monofilament suture knots, **164**
Syncope, Use of glycopyrrolate as a prophylaxis for vaso-vagal syncope during retinal photocoagulation: *correspondence*, **381**
Systemic effects, Systemic effects of screening for retinopathy of prematurity, **425**
Systemic lupus erythematosus, Bilateral cytomegalovirus retinitis in a patient with systemic lupus erythematosus: *letter to editor*, **1109**

T cells
CD8+ T lymphocytes in cytomegalovirus retinitis in a patient with AIDS: *letter to editor*, **1108**
Lymphocyte subsets and ocular inflammation: future prospects for immune deviation therapy? *editorial*, **938**
T helper 1 cytotoxic T lymphocyte lines, Melanoma specific Th1 cytotoxic T lymphocyte lines in Vogt-Koyanagi-Harada disease, **1002**
Teletherapy, Teletherapy for subfoveal choroidal neovascularisation of age-related macular degeneration: results of follow up in a non-randomised study, **1046**
Threshold estimation, Visual field test simulation and error in threshold estimation, **304**
Thyroid eye disease, Thyroid eye disease: *perspective*, **922**
Tilt, Extent and effect of surface tilt on the data display of the EyeSys videokeratoscope, **986**
Timolol, Sublingual timolol—an alternative to topical medication in glaucoma?, **532**
Tissue plasminogen activator, Fibrinolysis of experimental subretinal haemorrhage without removal using tissue plasminogen activator, **658**
Toxic endothelial cell destruction, Long term changes in human corneal endothelium following toxic endothelial cell destruction: a specular microscopic and fluorophotometric study, **15**
Toxoplasmosis
Fundal white dots: observations from a murine model of congenital ocular toxoplasmosis: *correspondence*, **189**
Protective role of nitric oxide in ocular toxoplasmosis, **644**
Toxoplasma gondii and ocular toxoplasmosis: pathogenesis: *perspective*, **1099**
Trabecular cells, Intracellular calcium response to hydraulic pressure in human trabecular cells, **561**
Trabecular meshwork, Glycans of the trabecular meshwork in primary open angle glaucoma, **435**
Trabeculectomy
Enhancement of post trabeculectomy bleb formation by laser suture lysis, **624**
Long term follow up of primary trabeculectomy for infantile glaucoma, **499**
Trachoma
Cost effectiveness and cost utility of preventing trachomatous visual impairment: lessons from 30 years of trachoma control in Burma, **880**
Determining the importance of eye diseases in Africa: *correspondence*, **774**
Prevalence and risk factors for trachoma in Sarlahi district, Nepal, **1037**
Trachoma—new opportunities to tackle an old problem: *editorial*, **1033**
Traditional healers, Changing patterns of corneal disease and associated vision loss at a rural African hospital following a training programme for traditional healers, **694**
Trans-scleral local resection
Local resection of posterior uveal melanoma: *editorial*, **97**: *correspondence*, **1029**
Risk factors for metastatic uveal melanoma after trans-scleral local resection, **109**: *correspondence*, **1028**
Risk factors for residual and recurrent uveal melanoma after trans-scleral local resection, **102**: *correspondence*, **1028**
Transillumination of iris, Transillumination of iris and subnormal visual acuity—ocular albinism?, **617**
Transplantation, Non-HLA antigens and HLA-DR matching in corneal transplantation: *commentary*, **780**
Trauma
Burden of serious ocular injury: *editorial*, **585**
Case of traumatic retinal avulsion at the optic nerve head: *letter to editor*, **575**
Incidence of cases of ocular trauma admitted to hospital and incidence of blinding outcome, **582**
Tubulointerstitial nephropathy, A new oculorenal syndrome: retinal dystrophy and tubulointerstitial nephropathy in cranioectodermal dysplasia: *letter to editor*, **490**
Tubuloreticular structures, Ultrastructural features and prevalence of tubuloreticular structures in the ocular vasculature of patients with AIDS: a study of 23 cases, **252**
Tumour necrosis factor α, Distribution of TNFα and its reactive vascular adhesion molecules in fibrovascular membranes of proliferative diabetic retinopathy, **168**
Twin study, Evolution of ophthalmic and electrophysiological findings in identical twin sisters with the carbohydrate deficient glycoprotein syndrome type 1 over a period of 14 years, **900**
Twins, Retinal detachment in identical twins with Stickler syndrome type 1, **976**

Uganda, Carcinoma of the conjunctiva and HIV infection in Uganda and Malawi, **503**
Ultrasound, Iridoschisis: high frequency ultrasound imaging. Evidence for a genetic defect?, **1063**
Ultrasound biomicroscopy
Management of a patient with pseudophakic malignant glaucoma: role of ultrasound biomicroscopy: *letter to editor*, **676**
Ultrasound biomicroscopy of eyes undergoing deep sclerectomy with collagen implant, **541**

Unilateral retinoblastoma
Parents with unilateral retinoblastoma: their affected children, **197**
Unilateral retinoblastoma—genetic implications: *editorial*, **193**
Unpreserved eyedrops
Control of microbial contamination in unpreserved eyedrops, **588**
To preserve or not to preserve, is that the question? *editorial*, **583**
Uveal carcinoid tumour, Carcinoid tumour metastatic to the choroid: *letter to editor*, **852**
Uveal colobomas, Bilateral congenital dentiform cataract and extreme microcornea in eyes with uveal colobomas and persistent hyperplastic primary vitreous: *letter to editor*, **378**
Uveal melanoma
Local resection of posterior uveal melanoma: *editorial*, **97**: *correspondence*, **1029**
Long term visual outcome of radiated uveal melanomas in eyes eligible for randomisation to enucleation versus brachytherapy, **117**
Radiation related complications after ruthenium plaque radiotherapy of uveal melanoma, **732**
Risk factors for metastatic uveal melanoma after trans-scleral local resection, **109**: *correspondence*, **1028**
Risk factors for residual and recurrent uveal melanoma after trans-scleral local resection, **102**: *correspondence*, **1028**
Uveitis
Aetiology of uveitis in Sierra Leone, west Africa, **956**
Causes and frequency of blindness in patients with intraocular inflammatory disease, **332**
Ciliary body enlargement and cyst formation in uveitis, **895**
Detecting herpesvirus DNA in uveitis using the polymerase chain reaction, **465**
Effects of allopurinol and steroids on inflammation and oxidative tissue damage in experimental lens induced uveitis: a biochemical and morphological study, **451**
Fuchs' heterochromic uveitis and sarcoidosis: *correspondence*, **774**
HTLV-I associated uveitis revisited: characteristic grey-white, granular deposits on retinal vessels, **719**
Possible impact of uveitis in blindness: a literature survey: *perspective*, **844**

Vaccination, Optic neuritis following measles/rubella vaccination in two 13-year-old children: *letter to editor*, **1110**
Varicella zoster encephalitis, Association of progressive outer retinal necrosis and varicella zoster encephalitis in a patient with AIDS, **982**
Vascular adhesion molecules, Distribution of TNFα and its reactive vascular adhesion molecules in fibrovascular membranes of proliferative diabetic retinopathy, **168**
Vascular endothelial growth factor
Levels of vascular endothelial growth factor are elevated in the vitreous of patients with subretinal neovascularisation, **363**
Upregulated expression of vascular endothelial growth factor in proliferative diabetic retinopathy, **241**
Vasculitis, Unilateral choroidal melanoma with bilateral retinal vasculitis: *letter to editor*, **850**
Vaso-vagal syncope, Use of glycopyrrolate as a prophylaxis for vaso-vagal syncope during retinal photocoagulation: *correspondence*, **381**
Venous stasis orbitopathy, Venous stasis orbitopathy: a clinical and echographic study, **129**
Vertical diplopia, One stage vertical rectus muscle recession using adjustable sutures under local anaesthesia, **713**
Vertical rectus muscle recession, One stage vertical rectus muscle recession using adjustable sutures under local anaesthesia, **713**
Videokeratography, Videokeratography database of normal human corneas, **610**
Videokeratoscope, Extent and effect of surface tilt on the data display of the EyeSys videokeratoscope, **986**
Vision screening, Preschool vision screening: outcome of children referred to the hospital eye service, **1077**
Visual acuity
Effect of a cataract simulation on clinical and real world vision, **799**
Visual acuity in unilateral cataract, **794**
Visual acuity loss, Scanning laser densitometry in visual acuity loss of unknown origin, **1051**
Visual development, Role of ocular involvement in the prediction of visual development and clinical prognosis in Aicardi syndrome, **805**
Visual evoked cortical potentials, Objective detection of hemifield and quadrantic field defects by visual evoked cortical potentials, **297**
Visual field
Analysis of visual field progression in glaucoma, **40**
Feasibility of automated visual field examination in children between 5 and 8 years of age, **515**
Spatial classification of glaucomatous visual field loss, **526**
Visual field loss following vitrectomy for stage 2 and 3 macular holes, **519**
Visual field test simulation and error in threshold estimation, **304**
Visual function, Gains from cataract surgery: visual function and quality of life, **868**
Visual impairment, Incidence of registered visual impairment in the Nordic child population, **49**
Visual loss, Sudden unilateral visual loss and brain infarction after autologous fat injection into nasolabial groove: *letter to editor*, **1026**
Visual performance, Effect of ablation profile on wound healing and visual performance 1 year after excimer laser photorefractive keratectomy, **224**
Visual screening programme, Visual screening programme for pre-school children: *correspondence*, **678**
Vitrectomy
Life expectancy of diabetic patients undergoing vitreous surgery, **640**
Primary vitrectomy for pseudophakic retinal detachment, **346**
Results of surgery for epiretinal membranes and their recurrences, **323**
Visual field loss following vitrectomy for stage 2 and 3 macular holes, **519**
Vitreoretinal surgery, Aspirin is a hazard for vitreoretinal surgery: *letter to editor*, **486**
Vitreoretinal traction, Retinal detachment associated with atopic dermatitis, **54**
Vitreous cyst, Vitreous photocystotomy: *letter to editor*, **1025**
Vitreous photocystotomy, Vitreous photocystotomy: *letter to editor*, **1025**
Vitreous surgery, Life expectancy of diabetic patients undergoing vitreous surgery, **640**
Vogt-Koyanagi-Harada disease, Melanoma specific Th1 cytotoxic T lymphocyte lines in Vogt-Koyanagi-Harada disease, **1002**

Werner's syndrome, Werner's syndrome: *letter to editor*, **576**
Whiplash injury
Ocular and cerebral trauma in non-accidental injury in infancy: underlying mechanisms and implications for paediatric practice, **282**
The eye and the brain in non-accidental injury involving young children: *editorial*, **275**
White dots, Fundal white dots: observations from a murine model of congenital ocular toxoplasmosis: *correspondence*, **189**
Whitnall's ligament, Functional anatomy of the levator palpebrae superioris muscle and its connective tissue system, **702**
Worldwide glaucoma
Number of people with glaucoma worldwide, **389**
Seven million too many: *editorial*, **385**
Wound healing, Effect of ablation profile on wound healing and visual performance 1 year after excimer laser photorefractive keratectomy, **224**

Xerophthalmia, Determining the importance of eye diseases in Africa: *correspondence*, **774**
